

Veterinary clinic and animal hospital cleaning: what we clean

Walk the clinic with your practice manager and mark each room for the plan.

Clinic _____ Address _____

Walked by _____ Date _____

Reception and waiting room

- ☐ Nose prints and paw smudges off doors and low glass
- ☐ Vinyl benches and chair frames
- ☐ Scale platform and check-in desk
- ☐ Retail shelves dusted
- ☐ Hair cleared from baseboards and under seating
- ☐ Floor damp-mopped
- ☐ Dog and cat waiting areas as separate zones

Exam rooms and treatment floor

- ☐ Stainless exam tables, counters and sinks
- ☐ Cabinet doors, stools and door handles
- ☐ Treatment area tables, tubs and work counters
- ☐ Lab and pharmacy benches around equipment
- ☐ Sequence and products set by your practice manager
- ☐ EPA-registered disinfectant wet for the label dwell time
- ☐ Charts, client files and screens left alone

Surgery suites

- ☐ Nightly clean to the room's written procedure
- ☐ Equipment your surgical team names left untouched
- ☐ Booked terminal clean from ceiling lights down to floor

Wards, boarding and grooming

- ☐ Ward and boarding floors and walls washed
- ☐ Kennel doors and run fronts
- ☐ Around floor drains
- ☐ Grooming tubs, tables and dryer stands
- ☐ Clipped fur swept before mopping

Staff areas and restrooms

- ☐ Doctors' offices, break rooms and locker areas
- ☐ Client and staff restrooms restocked
- ☐ Paper, soap and liners from our supplies or your storeroom

Floors and schedule

- ☐ Resilient tile stripped and refinished periodically
- ☐ Ward and kennel concrete machine scrubbed on rotation
- ☐ Day porter between appointment blocks
- ☐ Extra ward and lobby visits in holiday boarding peaks
